ABSTRACT

This document is the second volume of a two-volume set of reports on child support enforcement in the United States. Volume II contains a series of graphs and tables which present various financial, statistical, and program data of fiscal years (FY) 1981-1985. Graphs illustrate: (1) Child Support Enforcement Collections and Expenditures, 1981-1985; (2) distribution of Aid to Families with Dependent Children (AFDC) collections and total expenditures, 1981-1985; (3) distribution of AFDC collections, FY 1985; (4) distribution of total expenditures, FY 1985; (5) state and federal program savings, 1981-1985; (6) cost effectiveness ratios, 1981-1985; and (7) program activity, 1981-1985. Thirty-eight data tables are included which provide state-by-state financial statistical and program data obtained from federal reports completed by state child support enforcement agencies. Data is provided from the 50 states, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands, all of which participate in the Social Security Act Title IV-D Child Support Enforcement program. The first two tables give a financial overview and a statistical overview; remaining tables are categorized under the headings of Financial, Cost Effectiveness Ratios, Caseload Activities, and Program Activities. Appendix 1 provides a glossary of financial and statistical terms and source of data depicted in the tables. Appendix 2 contains relevant regulations and Action Transmittals published in FY 1985. The Tenth Annual Report to Congress

Volume I of the Tenth Annual Report to Congress contains information on the dimensions of the nonsupport problem in this country, the Child Support Enforcement Program, and summarizes a decade of progress in the child support enforcement area.

Volume II of the Tenth Annual Report, Child Support Enforcement Statistics, Fiscal Year 1985, contains selected State by State financial, statistical, and program data obtained from Federal reports completed by State Child Support Enforcement Agencies. A series of graphs and tables covers the various financial and programmatic statistical information of fiscal years 1981-1985.

State Financial and Program Data

This report presents selected financial, statistical, and program data obtained from Federal reports completed by the States. Data reported by the States are complete as of time of preparation of this report. States, however, often submit supplemental and/or revised reports; the numbers shown may be revised at a later date.

Total child support collections on behalf of AFDC and non-AFDC individuals amounted to nearly $2.7 billion during FY 1985. As can be seen in Table 4, collections on behalf of families receiving AFDC increased by $91 million from $1.0 billion in FY 1984 to $1.1 billion in FY 1985. Collections on behalf of families not receiving public assistance increased by $226 million, from $1.377 billion in FY 1984 to over $1.603 billion in FY 1985. Comparing combined AFDC and non-AFDC collections with total expenditures for FY 1985 yields an average of $3.31 collected for every $1.00 spent nationwide.

A series of graphs and tables covers the various financial and programmatic statistical information for fiscal years 1980-1985.

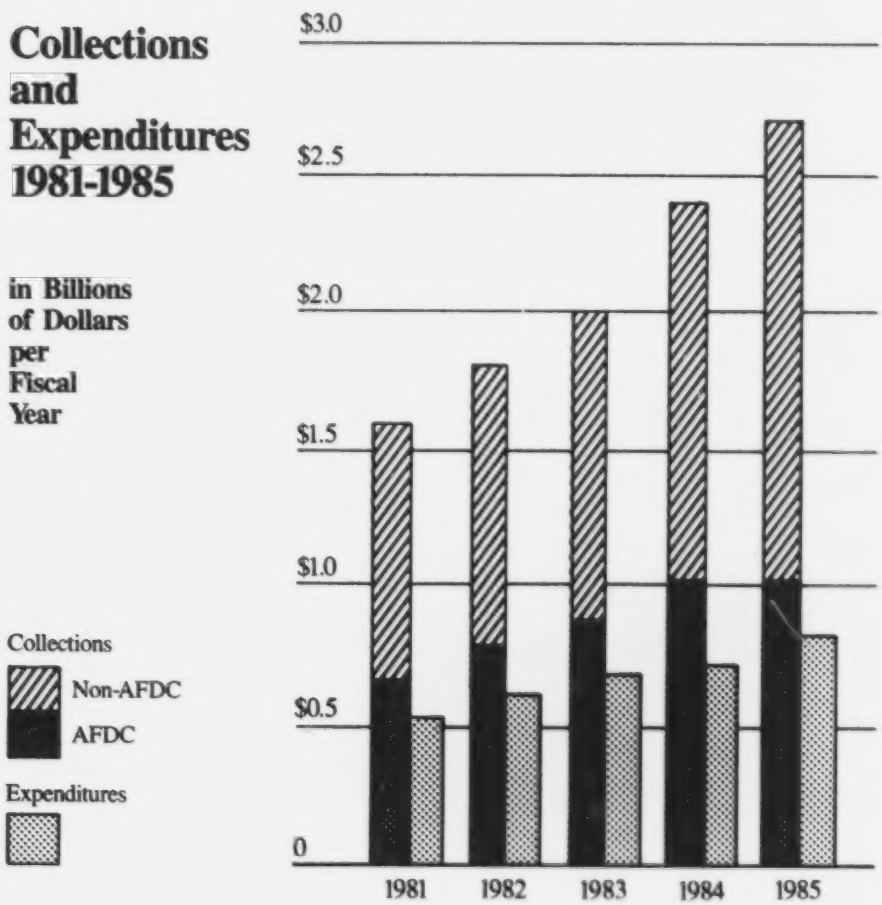
Graph A

This graph illustrates the 5-year trend of Child Support Enforcement collections and expenditures further broken out by the AFDC and non-AFDC portions of collections. Total collections have risen 65 percent from $1.6 billion in FY 1981 to $2.7 billion in FY 1985 while expenditures have risen 55 percent from $526 million in FY 1981 to $814 million in FY 1985.

AFDC collections have risen 63 percent in the last 5 years and non-AFDC collections have risen 67 percent. While the 5-year percent increase has been similar for all four categories, annual increases have been more erratic. Collections have shown more dramatic increases since FY 1982 when the increases in expenditures started to slow.

Collections and Expenditures 1981-1985

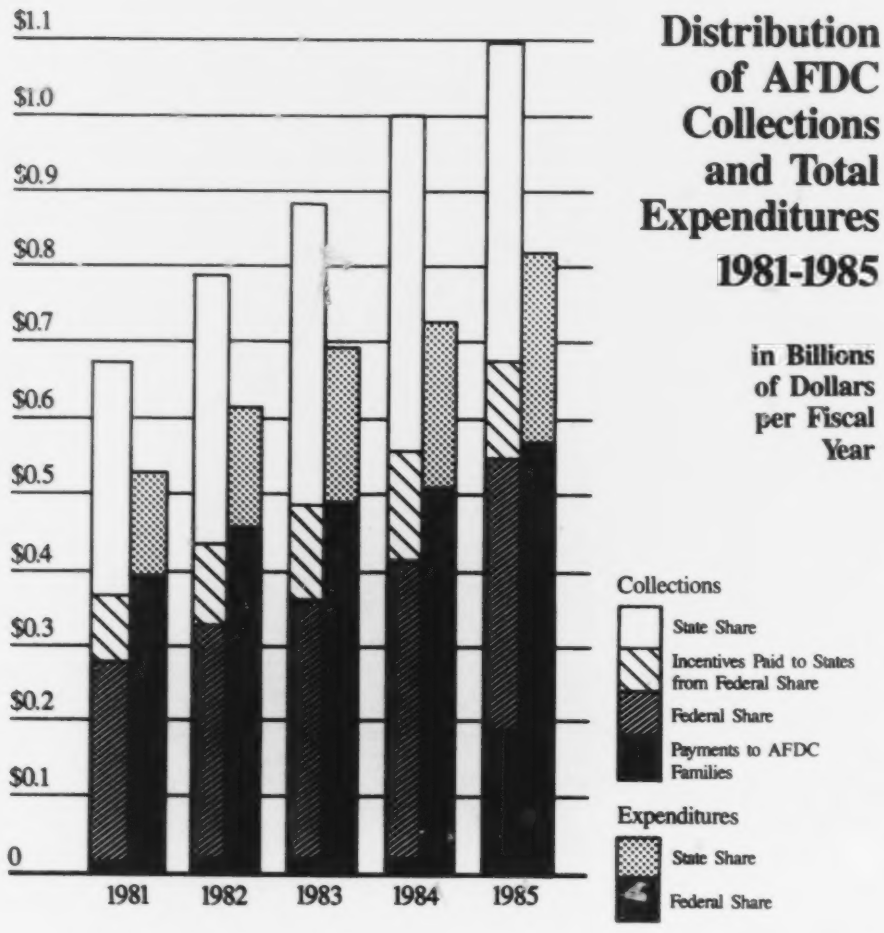
in Billions of Dollars per Fiscal Year



Graph B

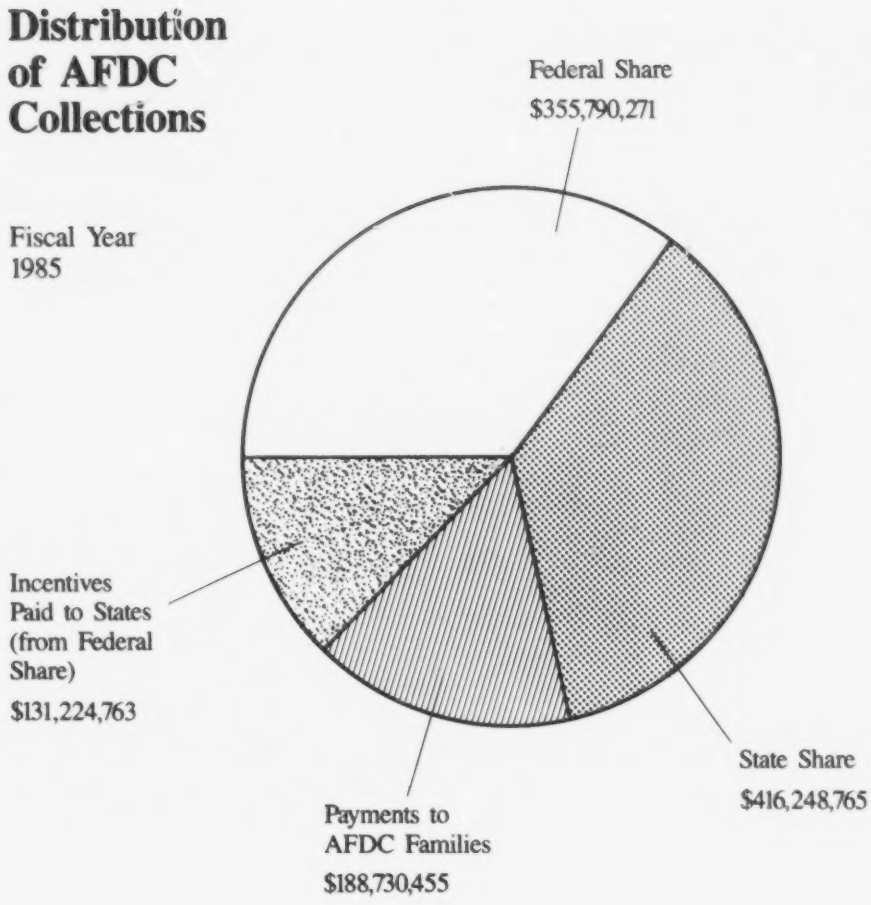
AFDC Child Support Enforcement collections are distributed into State and Federal shares, as well as payments to families. States receive incentives out of the Federal share of collections. This graph depicts the division of AFDC collections and total expenditures into the appropriate "share."

In FY 1985, the Federal Government received 33 percent of the AFDC collections and paid 70 percent of the expenditures. States received 50 percent of the AFDC collections and paid 30 percent of the expenditures.



Graph C

This graph shows the distribution of AFDC collections for FY 1985. The illustration shows that of the $1.1 billion collected, the Federal Government received only 33 percent while the States received 50 percent. The remaining collections were payments that went to AFDC families. In FY 1985, States were required to pass along to the family the first $50 of each AFDC child support collection. This resulted in 1,524 percent increase in payments to AFDC families.

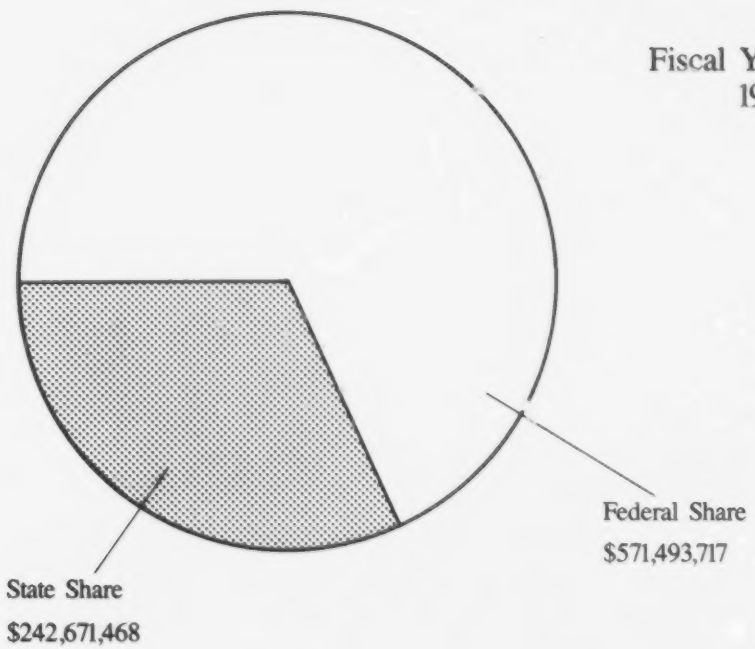


Graph D

This graph depicts the distribution of total expenditures in FY 1985. It shows that the Federal Government paid 70 percent of the costs of operating the program whereas the States only paid 30 percent. This is a comparison to graph C which showed the distribution of AFDC child support collections.

Distribution of Total Expenditures

Fiscal Year 1985



Graph E

This graph shows "Program Savings" from FY 1981 through FY 1985. "Program Savings" is defined as the difference between amounts retained from AFDC child support collections and total expenditures. The States' share of retained collections is higher than the Federal share because the States receive an incentive payment out of the Federal share. The Federal share is thus reduced to only 33 percent of the AFDC child support collections. At the same time the Federal Government paid 70 percent of the total program costs while the States paid only 30 percent. Non-AFDC child support collections are distributed to the families and are not included in "Program Savings."

In FY 1985, the Federal Government lost $216 million while the States had "Program Savings" of $305 million.

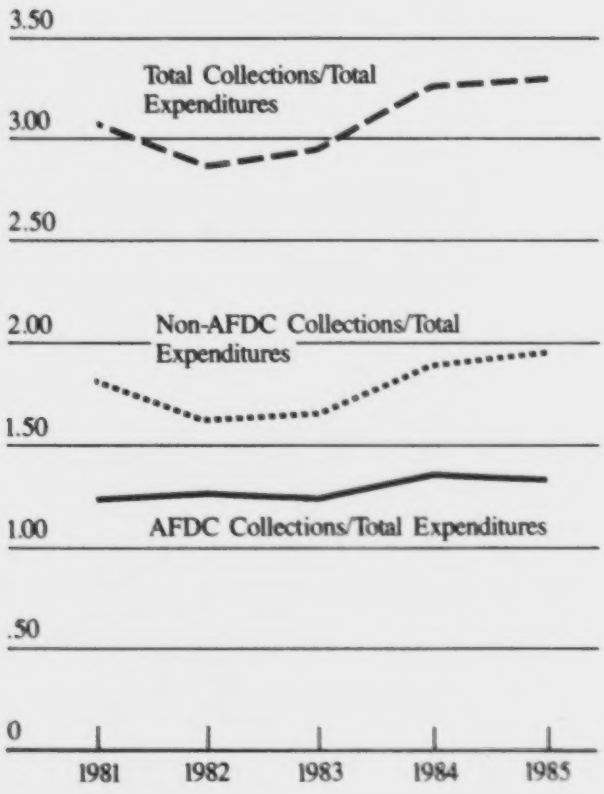
Graph F

Graph F shows 5 year cost effectiveness ratios for total child support collections, AFDC child support collections, and non-AFDC child support collections as they relate to total expenditures. These ratios show increases for the last 2 fiscal years when the cost effectiveness ratio increased by 7 points (from 1.27 to 1.34) for AFDC child support collections to total expenditures, 31 points (from 1.66 to 1.97) for non-AFDC child support collections to total expenditures, and 38 points (from 2.93 to 3.31) for total child support collections to total expenditures.



Cost Effectiveness Ratios Fiscal Years 1981-1985

Graph G

Graph G shows 5-year line graphs for four measures of Child Support Enforcement program activity. Total paying cases rose 53 percent from 873,987 cases in FY 1981 to 1,337,917 cases in FY 1985. Total absent parents located rose from 695,921 in FY 1981 to 877,972 in FY 1985, a 26 percent increase.

Both child support obligations established and paternities established rose approximately 50 percent in the 5-year period. Paternities established rose to 231,838 and support obligations established to 668,942 in FY 1985 from 163,538 and 414,053 respectively in FY 1981.

Technical Notes to Tables

The following tables include program and financial data submitted to OCSE's Central Office by the 50 States and 4 jurisdictions (the District of Columbia, Guam, Puerto Rico, and the Virgin Islands) which participate in the title IV-D Child Support Enforcement program.

In tables where U.S. totals are shown, the totals will not always reflect the same number of reporting States and jurisdictions, as not all States have reported all data. Comparison of U.S. totals for various fiscal years should be evaluated with this in mind.

Data shown for prior fiscal years may differ from previously published figures due to revised data submittals from some States. In addition, deviations in State data between fiscal years may be the result of variance in the number of counties reporting to a State from quarter to quarter, or from the use of estimated data.

Appendix I provides a glossary of financial and statistical terms and the source of the data depicted in the following tables.

NOTE: Only total IV-D expenditures are presented in this report as the program structure in many States is such that the accurate division of expenses between AFDC and non-AFDC functions cannot be made.

Division of Management and Budget	21
Policy and Planning Division	24
Program Operations Division	32
Information Management & Systems Division	27
Audit Division	112
Regional Offices	88

Costs for salaries and other administrative expenses for Central and Regional Office staff in FY 1985 were:

Personnel Costs and Benefits	$14,403,000
Travel and Transportation	1,666,000
Rents	1,330,000
Printing	143,000
Other Services (Contracts/Data Processing)	7,110,000
Supplies and Equipment	1,473,000
TOTAL	$26,125,000

Appendix I

Glossary of Financial and Statistical Terms

Program Collections

Total Collections (Form OCSE-34 Line 13(A+B+C))

Total amount of collections distributed during the year on behalf of both AFDC and non-AFDC families. Total collections can be calculated as the sum of AFDC and non-AFDC collections as defined below.

Non-AFDC Collections (Form OCSE-34 Line 13(B))

The portion of total collections received on behalf of families not receiving assistance under the Aid to Families with Dependent Children program and distributed to those families during the year.

AFDC/Foster Care Collections (Form OCSE-34 Line 13(A))

The portion of total collections received on behalf of families receiving assistance under the Aid to Families with Dependent Children program and distributed during the year either to the State or Federal Governments or to the families involved.

State Share of AFDC/Foster Care Collections (Form OCSE-34 Line 12(A+C)-Line 15(A+C))

The portion of AFDC collections that is kept by the States as a reimbursement of their shares of past assistance payments under the AFDC program.

Incentive Payments (Form OCSE-34 Line 16(A+B))

The portion of AFDC collections that is paid to the States in addition to the State Share of AFDC collections as an incentive for continued program operation.

Federal Share of AFDC/Foster Care Collections (Form OCSE-34 Line 17(A+C))

The portion of AFDC collections that is kept by the Federal Government as a reimbursement of its share of past assistance payments under the AFDC program. The amount reported has been reduced by incentive payments made to the States. The Federal share of collections is used to reduce Federal grants awarded to State agencies under the Aid to Families with Dependent Children program.

AFDC/Foster Care Collections Distributed to the Family (Form OCSE-34 Line 13(A+C))

The portion of line 6A that was forwarded to the family during the quarter pursuant to the distribution procedures under Section 457(b)(2) and (3)(B) of the Social Security Act.

Federal Share of Savings (Form OCSE-34 Line 17 (A+C)-OCSE 41 Line 12(A+B−C)

The difference between the net Federal share of distributed collections and the Federal share of administrative expenditures.

State Share of Savings (Form OCSE-34 Line 4(A+B−C)-OCSE-41 Line 12(A+B−C))

The difference between the State share of collections plus incentives earned minus the State share of expenditures.

Program Expenditures

Total Administrative Expenditures (Form OCSE-41 Line 4(A+B−C))

Total amount of expenditures eligible for Federal funding that is claimed by the States during the year for the administration of the Child Support Enforcement program. Includes all amounts claimed during the year, whether expended during the current or a previous fiscal year. The amounts being reported have been reduced by the amount of fees collected by the States for the processing of non-AFDC cases and by the amount of costs recovered in excess of those fees.

Total Administrative Expenditures can be calculated as the sum of AFDC and non-AFDC Administrative Expenditures or as the sum of the Federal and State Shares of Administrative Expenditures.

Fees Received and Costs Recovered for Non-AFDC Cases (Form OCSE-41 Line 2(A+B−C))

The amount of fees collected by the States for purpose of processing non-AFDC cases plus the amount of processing costs recovered by the States in excess of the fees charged. This amount decreases the amount of States' expenditures eligible for Federal funding.

Net **Federal Share of Administrative Expenditures** (Form OCSE-41 Line 12(A+B−C))

The portion of Total Administrative Expenditures claimed during the fiscal year. The Federal share includes amounts that were: (a) expended since FY 1983 and eligible for 70 percent Federal funding, (b) expended prior to FY 1983 and eligible for 75 percent Federal funding, and (c) expended for the planning and implementation of an approved ADP system and eligible for 90 percent Federal funding. The amount reported has been reduced by the amount of fees received from the States for use of the Federal Parent Locator Service.

State Share of Administrative Expenditures (Form OCSE-41 Line 4(A+B−C)-Line 12(A+B−C))

The portion of Total Adminstrative Expenditures claimed during the fiscal year. State funds include amounts that were: (a) expended since FY 1983 that require 30 percent State funding, (b) expended prior to FY 1983 that require 25 percent State funding, and (c) expended for the planning and implementation of an approved ADP system that require 10 percent State funding. The amounts reported include fees paid by the States for use of the Federal Parent Locator Service.

Program Statistics

Average Annual Child Support Enforcement Caseload (Form OCSE-3 Line A4 AFDC plus non-AFDC)

The total number of IV-D cases open on the last day of each quarter. A IV-D case is defined as every absent parent who is now or may eventually be obligated under law for the support of one or more dependent children. An absent parent is counted once for each family which has a dependent child he or she is now or may eventually be obligated to support.

Average AFDC Caseload (Form OCSE-3 Line A4 AFDC)

The total number of IV-D AFDC cases open on the last day of each quarter. An AFDC case is one in which the children to be supported are currently receiving money payments under provisions of title IV-A of the Social Security Act, and in which an assignment of support rights has been made by the caretaker relative to the State. Also included are cases in which the children to be supported are former recipients of IV-A payments and in which the absent parent is now delinquent in his or her reimbursement of these payments to the government.

Average Non-AFDC Caseload (Form OCSE-3 Line A4 non-AFDC)

The total number of IV-D non-AFDC cases open on the last day of each quarter. A non-AFDC case is one in which the children to be supported are **not** currently receiving a IV-A payment and in which the caretaker relative has made written application for IV-D non-AFDC services. Also included are cases which are receiving services as former AFDC recipients whose collections are classified as non-AFDC collections.

Average Number of AFDC Cases in Which a Collection Was Made On an Obligation (OCSE-3 Line C1 AFDC)

The average number of IV-D AFDC cases in which a collection was made during the second month of the quarter. Also includes cases in which a collection was received as a result of the Federal Tax Refund Offset Program. If a case receives both an intercept collection and a regular collection during the second month of the quarter, the case is counted once.

Average Number of Non-AFDC Cases in Which a Collection Was Made On an Obligation (OCSE-3 Line C1 non-AFDC)

The average number of IV-D non-AFDC cases in which a collection was made during the second month of the quarter.

Total Number of Absent Parents Located (OCSE-3 Line B1 AFDC plus non-AFDC)

The total number of cases in which an absent parent location was made during the quarter. A location is defined as the determination of an address at which the absent parent (or putative father) can be served or receive legal notices. Relocations are also included in these figures.

Total Number of Paternities Established (OCSE-3 Line B2 AFDC plus non-AFDC)

The total number of children for whom paternity was established during the quarter. A paternity is defined as the legal establishment of fatherhood for a child **after** the opening of a IV-D case, either by court determination or voluntary acknowledgement in States where such acknowledgements are legally enforceable.

Total Number of Support Obligations Established (OCSE-3 Line B3 AFDC plus non-AFDC)

The total number of support obligations established during the quarter. An obligation is defined as the legal establishment of an amount of money which is to be paid on a regular basis by a non-custodial parent for the support of that parent's children. Modifications to existing obligations are also included in these figures if they are the result of actions in which the State or local IV-D agency participated.

Percentage of IV-D AFDC Assistance Payments Recovered through Child Support Collections (Title IV-A Basic Expenditures Divided by Title IV-D AFDC Collections)

The percentage of AFDC assistance payments recovered through child support collections. These figures represent the amount of AFDC collections, divided by the amount of income maintenance assistance money payments computable for Federal funding. For those States which have AFDC Unemployed Parent (UP) Programs, income maintenance payments made to AFDC-UP families and recipients are deducted from total income maintenance assistance payments.

The Number of Families Removed from AFDC Due to Child Support Collections (OCSE-3 Line E1 AFDC)

The total number of IV-A AFDC cases closed during the quarter because of child support payments. A case is considered closed because of child support if support collections were a contributing factor to the closure, unless factors other than child support, whether alone or in combination, would have been sufficient to close the case.

Number of IV-A AFDC Cases in Which Custodial Parents Refused to Cooperate and Number of IV-A Cases in Which Good Cause Was Found (Form SSA-4680)

The number of cases in which refusal to cooperate occurred for any reason and the number of cases for which good cause for refusing to cooperate was determined. Examples of circumstances for which good cause is determined to exist include physical or emotional harm to the child or parent, rape or incest, legal adoption and pre-adoption service. OCSE obtains this data from the Office of Family Assistance.

Full Time Equivalent Staff Employed as of September 30, 1985 (OCSE-3 Lines G(1+2) AFDC + Non-AFDC)

Reported are the number of staff employed on the last working day of September. These numbers include the reporting of full-time equivalent (FTE) figures, i.e., the number of hours worked by all part-time staff divided by 2080 hours.

Ratio of AFDC/Foster Care Collections Per Dollar of Total Administrative Expenditures (OCSE-34 Line 13(A+C) divided by OCSE-41 Line 4(A+B−C))

Represents the amount of IV-D AFDC child support collections made for every dollar expended to administer the CSE program. Refer to definitions of IV-D AFDC collections and total IV-D administrative expenditures.

Ratio of Non-AFDC Collections Per Dollar of Total Administrative Expenditures (OCSE-34 Line 13(B) divided by OCSE-41 Line 4(A+B−C))

Represents the amount of IV-D non-AFDC collections made for every dollar expended to administer the CSE program. Refer to definitions of IV-D non-AFDC collections and total IV-D administrative expenditures.

Ratio of Total Collections Per Dollar of Total Administrative Expenditures (OCSE-34 Line 13(A+B+C) divided by OCSE-41 Line 4(A+B−C))

Represents the amount of total IV-D collections made for every dollar expended to administer the CSE program. Refer to definitions of total IV-D collections and total IV-D administrative expenditures.
